Taki Tahmid **Ziko**

Full Stack Web Developer

Objective

A self-taught freelance web developer with 2 years of experience, now I am looking for a full-time job working as a Full Stack web developer to take the challenge and helping team member to develop, maintain and design software

Working Experience

Freelance Full Stack Web Developer - August,2018 – Present
Upwork   https://www.upwork.com/o/profiles/users/~01ef83941b227ec801

- Worked with 7 clients around the world
- Completed 12 projects that include booking, school, inventory management, complex web app solutions.
- Tried to understand to find solutions under their budget and time frame.

Founder & CEO - Janurary,2019 – Present
Andwin IT   https://andwinit.com
A small Startup IT based on local clients. I have 10 local clients who are using my Nebula web pos for their restaurant business

- Worked both front-end and back-end
- Found respected customer and convince them to use my app
- Maintained and report for bug free web app solutions

Project

Nebula Web POS – July,2019 – December-2019
Demo**:** https://nebula.ziko.dev

Nebula web-based point of sale is a complete solution for restaurant and grocery management.
